Regional updates and questions	<ul style="list-style-type: none">• Katina brought up 3 questions for discussion. She inquired about pulling CANS data from My Avatar. She stated that they subcontract out services provided by Jobs program. Curious if those individuals can use LCMH code in order to do CANS certification. Discussion ensued. Agreed that they should be able to. Also checked in about at what point in the services in jobs program CANS would need to be completed - intake and end of involvement in program. To be explored by Dillon (not sure that is accurate). Final question brought up regarding CANS school reporting as the year is coming to a close. Marianna sent out an email and identified that they are in the process of building a site and creating score cards so are a bit behind in this area. She invited everyone to a meeting on June 8th from 11:30-12pm to walkthrough the site.• Corrine inquired about whether staff who are administering the CANS need to have a masters degree. They do not. Just need to be certified in the CANS by passing with a score of 70 or above.• Dillon introduced H2000 - code for completing the CANS that agencies would use. Still in discussion phase. Send any questions or concerns to Dillon.
